## **Expansion into Far North Queensland**

Over recent years Lotus Filters has continued to grow as we service our clients who are increasingly looking for the same professional services on a national basis.

We are now pleased to advise the next phase of our growth with expansion into Far North Queensland through the acquisition of Exhaust Extraction Services incorporating Cairns Filter Service.

The acquisition is expected to settle on January 31.

We welcome Mike Shipman who will join Lotus Filters as Manager of Far North Queensland, the local contact details will remain unchanged and the dedicated professional staff are also joining our business.

From that date in Far North Queensland we will operate until further notice as:

Lotus Filters Pty Ltd  
ABN 83 002 694 608  
trading as Exhaust Extraction Services incorporating Cairns Filter Service.

We are excited about our continued growth and expansion into Far North Queensland and the additional geographic coverage and support this will provide to our clients.

Kind Regards,

Graeme Williamson  
Managing Director
